Student Schedules

First weeks have been scheduled

Ensure you are scheduled (or have already completed):

- Vascular/Interventional
- Computed Tomography
- BMD
- Mammography
- Fluoroscopy requirements

Last week TBD

Supervision

- Students MUST always get approval from a technologist prior to deleting or repeating any images.
- Students may work under indirect supervision (at the technologist's discretion).
- Indirect Supervision: A technologist is within shouting distance and the student must verify images with technologist prior to patient dismissal *Not applicable in specialty rotations.

Forms

- Student Performance Feedback forms are required to be submitted weekly.
- Valuable feedback as well attendance verification.
- Action Plan.
- Site Orientation Forms for all new sites – including CT.
- Rotation Summaries after each site – excluding specialty rotations.
- BMD/Mammography/IR Objective Forms.
- Absence notification forms.

Attendance Policy

Attendance: Students are expected to attend all scheduled time in clinical.

Absences:

Students are expected to make-up any clinical days/hours that were missed and must complete a total of 337.5 hours at the end of this course.

Documentation for excused absences must be submitted within 10 business days to your clinical instructor.

Policies and Procedures

If you are absent, you must:

- notify the site as per site protocol.
- submit an Absence Notification form to an Edenbrook instructor on CompTracker PRIOR to shift start.

- Indicate if you are planning on submitting additional information (Dr's note, other information).
- Attendance is tracked via forms in CompTracker

    Student Feedback forms – includes attendance statement

    Absence Notification forms

COVID-19 Absences

Stay home if you are sick!

- Indicate on CompTracker form if your absence is related to COVID 19 (this includes not passing fit-for-work screenings, or new symptoms)
- Follow the latest guidance from clinical site

COVID-19 absences are tracked separately and make up time may be provided on a case-by-case basis.

Extensions may be granted if requirements are not met by program end date.

Clinical Placement Professionalism Reminders

- No cell phones are allowed on the clinical floor and site policies regarding all other use of electronic media and devices must be adhered to.
- Edenbrook scrubs.
- Short warm up jacket (no hoodies).
- Hospital OR scrubs provided when necessary, and only allowed to be worn for appropriate rotations.
- Clean, long hair must be tied back.
- Scent-free.
- Personal Hygiene.

Action Plan

Prepare yourself!

- Review CompTracker requirements and create an action plan based on your scheduled sites.
- Communicate your action plan and goals to your site liaison(s), and preceptor(s).
- Prepare for rotations, competencies and image critique.
- Complete your Action Plan and submit to assigned instructor.

Grading

Logbook Lines

Detailed mark breakdown available on Edenbrook

Performed Exams

Provide students with an opportunity to:

1. Bring images to critique in categories that were completed.
2. Gain experience with more complex exams and obtain feedback from liaisons that will help gain the requirements for IC lines in future attempts.
3. Encourage students to gain confidence as they move towards "entry level technologist" requirements.

Performed Exams - criteria

To qualify as entry into CompTracker, exams must include:

- Signature by preceptor in the student "Record of Performed Exams" book.
- Diagnostic images as per site protocol.
- Visible student marker.
- All required anatomy.
- Complete critique by student (correct recommendations for improvements, patient condition, rationale for best imaging possible).

Tracking your completion

CompTracker Reports: Run these reports on a regular basis during clinical to ensure accuracy and completion of components:

- Remaining Requirements Report
- Student Progress by Date Report
- Accession Number Match Report

Instructors will be completing audits (duplicate accession numbers, specification of exam/side). Please ensure you provide details as requested to ensure accurate documentation.

Specialty Rotation

Vascular/Interventional rotations:

- 1 week (approximately)
- Vascular/Interventional Prep Package posted on Edenbrook Brightspace
  - Review vascular anatomy
  - Review IR procedures and vascular pathology
  - Image labelling
- Student feedback form is required
- Objectives Form for Vascular/Interventional to be completed (see details on Edenbrook)
- Rotation Summary is not required
- Logbook lines to complete – Level of performance is Assist/Observe.
- Get involved in the case!

Specialty Rotation

CT Rotations

- Logbook

Required logbook lines.

Any preceptor can approve lines for your logbook, no image critique required.

Transitioning to new site

Tips for success:

- Review your action plan with the site liaison
- Review welcome material provided
- Attend orientation day
- Ask questions
- Build relationships with new preceptors
- Post lists with lines that you are working towards
- Include detailed goals (logbook and growth) in your weekly forms
- Be prepared to demonstrate your skills

The final week of clinical has not yet been scheduled. Priority based on:

Remaining required lines

Requests

Site availability

Mandatory attendance

Support

Edenbrook instructors are available for virtual site visits.

- Will be setting up check-ins to review action plans and answer questions.
- Email instructors
- Help with image critique

Continue to check Edenbrook Brightspace and email for updatesReach out early with any questions or concerns!

FINAL EXAM INFORMATION:

- Details in this course
- Aligns with CAMRT certification exam blueprint

All information for this course is available on Edenbrook. Please reach out to your instructor if you have any questions or concerns about the exam.

Graduation

- All students must apply to graduate, whether or not you choose to attend your convocation ceremony.
- Check the Edenbrook Website for important dates regarding applying for graduation.
- Apply to graduate through Edenbrook College.

Registration for CAMRT Exam

- Registration period for the CAMRT Exam: check the CAMRT website.
- No late registrations are accepted.
- Complete information about the exam, how to prepare and the process for registration is available on the CAMRT website.
